Strategy & Transformation Leader | McKinsey Engagement Manager | Commercial, Procurement & Cost Transformations

Strategy and transformation professional with 10+ years at McKinsey and Accenture Strategy across automotive, industrial and service sectors. Has worked every phase of a transformation: sizing EBIT opportunities from the data, aligning the C-suite, building bottom-up plans with the people who deliver them, and tracking results to the P&L. Recent results: ~$50M in annual EBIT captured from a ~$100M margin-recovery plan and $100M in annual procurement savings, backed by analytics (SQL, Alteryx, agentic AI) and corporate finance. Based in Metro Detroit.

EDUCATION

UNIVERSITY OF MICHIGAN - STEPHEN M. ROSS SCHOOL OF BUSINESS — **Michigan, USA**

UNIVERSITY OF WINDSOR - ODETTE SCHOOL OF BUSINESS — **Windsor, Canada**
Exchange program, Minor in Business Administration — **2012-2013**

EXPERIENCE

MCKINSEY & COMPANY - Engagement Manager / Associate / Summer Associate — **Michigan, USA, 2021-**

Transformation Delivery
- **Led the commercial workstream** of a global transformation at a Tier-1 auto supplier through diagnostic and planning: sized **~$100M in EBIT opportunities** (repricing, volume renegotiation, margin recovery), aligned the CEO, CFO, COO and CSO, and built plans for 25+ account managers in 3 regions; the client captured **~$50M in annual EBIT**
- **Led two category groups** (professional services/corporate; indirect plant) in a **$2B+ indirect procurement transformation**: built the initiative pipeline, ran RFPs and negotiation prep with 10+ category managers and tracked savings to the P&L; program realized **$100M in annual savings, ~$50M from my categories**
- **Led the workforce-enablement workstream** of a spend transformation on controlled spend, compliance and risk; built **dashboards and automated workflows with agentic AI** (Cursor)
- Designed and implemented a **sourcing strategy for external labor** and professional services, reducing third-party risk and achieving **>10% cost efficiency**
- Built a **new revenue model** with senior executives at a Tier-1 manufacturer, combining financial planning, segmentation and benchmarks to drive a **10% revenue lift**

Diligence, Finance & Analytics
- **Directed procurement-savings due diligence** on an auto-supplier acquisition and an automotive OEM business unit
- Built **financial models** integrating production throughput, pricing, inflation and capital deployment to guide investment decisions for automotive clients
- Built strategy and due-diligence analyses for a healthcare payor, including **board-level briefings** on financials, operational risks and strategic scenarios

ACCENTURE STRATEGY - Manager / Consultant / Analyst / Intern — **São Paulo, Brazil, 2014-2020**
- **Led a 6-month go-to-market pilot** under a full-risk contract with 6 regional managers and 60 sales reps: rode along on sales routes, rolled out best practices, redesigned routes with Alteryx and built a sales control tower, delivering **+$3M EBIT (~$6M annualized), 10% on baseline**
- Member of the **Zero-Based Budgeting turnaround** team at a large services company: sized savings in major cost buckets, built the new budget bottom-up with area managers and set up the control tower; client restored **>$500M in EBIT** after 4 years of losses
- Defined the operating model and **post-merger integration** of two digital media companies, increasing revenue potential by **15%+**
- Built the **revenue model behind a private-equity acquisition** of a diagnostics company (>$50M); the buyer completed the deal

ITAU UNIBANCO - Intern — **São Paulo, Brazil, 2013**
- Taught myself SAS and built **automated daily reports** (SAS, SQL) that summarized key performance indicators and flagged anomalies for the team

ADDITIONAL INFORMATION

- **Leadership: Youth Pastor** (Christian Congregation in the US, Royal Oak, MI): lead weekly services and mentor 30+ youth and young adults; **Volunteer Violin Instructor**, 20+ students; **Admissions Interviewer**, Michigan Ross
- **Technical:** SQL, Alteryx (geospatial), SAS, agentic AI (Cursor, Claude), Tableau, Power BI, financial modeling. **Languages:** English, Portuguese; basic Spanish, German
